

## Q&A for Platt Street Project

1. Can the City provide check plans and final plans for review to assist with putting together a proposal?
  - A. The City of Maquoketa will provide check plans and final plans. These plans are posted at <https://maquoketaia.com/>
  
2. The RFP scope includes providing survey and construction staking as part of the construction administration and inspection services. Would the City consider removing that from the construction administration contract and including the survey and staking in the plans as a bid item for the overall construction project?
  - A. The City of Maquoketa will not be removing survey and construction staking from the construction administration contract due to federal guideline.
