PRESS RELEASE

Public Service Announcement

The City Council of Maquoketa will be taking public comments regarding the adoption of a proposed ordinance to establish a Citywide Curbside Residential Waste Hauling/Recycling program at the May 4, 2020 City Council meeting, and the public is encouraged to participate in the Zoom virtual meeting and provide public comment. However, due to the complexities of coordinating the public comment session, residents are encouraged to contact the City Hall at 563-652-2486 to notify staff of your desire to provide comment in advance of the meeting in order to ensure that you are recognized. Otherwise, you'll have to raise your hand within the virtual meeting to be recognized after those who have signed in prior to the meeting. When you call in to register to provide public comment, you'll be asked to provide the log in name you will use and/or your phone number so that you can be identified and located by host once you've log into the meeting.

If the City Council believes that additional time is required for further public comment, they may choose to extend the public comment session period to future meetings. Otherwise, the public will still have the Audience portion of the meeting to provide comment throughout the process.

Access instructions to participate in the meeting can be found on local access, web page, and the City's Facebook page.
